

MEMORANDUM

To: Policy Board Members and Alternates

From: Robert D. Miller, Director

Date: August 18, 2010

Subject: Lind-Bohanon neighborhood request for NRP Policy Board approval of the Phase II Neighborhood Action Plan

The Lind-Bohanon NRP Phase I Plan Review was presented at a widely advertised neighborhood meeting on June 11, 2009. The Review pointed out the significant impact that the NRP dollars received had on improving the quality of life for the neighborhood's 4,400 residents.

The Phase II Participation Agreement was approved by the general membership of the Lind-Bohanon Neighborhood Association and the LBNA Board at their October 1, 2009 meeting. As of October 14, 2009, the neighborhood had contracted 88% and expended 79% of its NRP Phase I Neighborhood Action Plan funds.

As part of the NRP Phase II Planning Process Policy, adopted July 24, 2000, the Policy Board established the threshold for entering Phase II as either 95% contracted or 85% expended of the neighborhood's Phase I appropriation. The only exception to this threshold was if the remaining allocated but un-contracted funds were to be expended on a single project. The LBNA Board requested a waiver to the contracted and expended requirements for entry into Phase II based on the fact that \$141,200 of the remaining Phase I funds for this neighborhood (73.7% of the un-contracted amount) are dedicated to a single project that requires a partnership with the City of Minneapolis.

The basis for the waiver request was that the Lyndale Corridor Streetscape was not yet ready for implementation. The project was, and continues to be, a priority of the neighborhood. It could not, however, be implemented until Lyndale Avenue North is scheduled for repaving. The neighborhood intended to include the strategy in the Phase II Neighborhood Action Plan and to broaden the strategy language to cover other types of improvements on Lyndale Avenue North. A waiver of this amount would bring the Phase I Plan to the required 95% contracted.

On October 26, 2009, the NRP Policy Board adopted my recommendation to waive the entry threshold and approved the Lind-Bohanon NRP Phase II Participation Agreement. The Lind-

Bohanon Neighborhood Association (LBNA) immediately began to organize volunteers, conduct a survey, gather data, and hold meetings to develop the NRP Phase II Neighborhood Action Plan.

On August 3, 2010, the neighborhood gathered for their annual National Night Out Picnic in the Park event. The Plan was approved by those in attendance with only one no vote. The LBNA Board approved the Plan at their August 5, 2010 Board meeting.

The Plan requests a total Phase II allocation of \$521,140. This is the allocation approved by the Policy Board on April 19, 2004, for the neighborhood's Phase II activities. The plan achieves the housing requirement of 70% of plan dollars programmed to meet Lind-Bohanon neighborhood's housing and housing related activities commitment. As requested in the LBNA Phase II Participation Agreement, and the threshold waiver request, the Phase I funds dedicated to the Lyndale Avenue North Streetscape strategy have been reallocated to a new, broadened strategy for the revitalization of Lyndale Avenue North. The balance of the Plan reflects the needs and desires of the neighborhood to continue its work in the revitalization and preservation of Lind-Bohanon.

Based upon the plan development process used by the neighborhood, the opinion by NRP's legal counsel, and the request of the neighborhood, I recommend that the Policy Board adopt the following resolutions:

WHEREAS: On April 19, 2004, the Minneapolis Neighborhood Revitalization Program (NRP) Policy Board ("Board) approved a Phase II allocation for the Lind-Bohanon neighborhood of \$521,140, based on the Phase II revenues projected for NRP;

WHEREAS: The Lind-Bohanon Phase II Neighborhood Action Plan requests an allocation of \$521,140 and dedicates 70% of that allocation to housing and housing related programs and activities;

RESOLVED: That the Minneapolis Neighborhood Revitalization Program Policy board hereby accepts and adopts the Lind-Bohanon NRP Phase II Neighborhood Action Plan dated August 5, 2010;

RESOLVED FURTHER: That the Board hereby authorizes the Director to request that the city Council and Mayor: [a] approve the Lind-Bohanon NRP Phase II Neighborhood Action Plan, and specifically those parts of the Plan that fall under City jurisdiction, for their Phase II allocation of up to \$521,140; [b] amend the 2010 General Appropriation Resolution to increase the Fund CNRO (NRP Fund) appropriation by \$521,140 from existing fund balance for implementation of the approved Plan and; [c] authorize the appropriate City officers to enter into any contracts or agreements necessary to implement the Plan and the activities above.

* - Kingsley Commons (Housing 1.6.1.) received \$200,000 through the NRP Affordable Housing Reserve Fund. As such, it is considered an Early Access project. However, the allocation is not included in the total Action Plan Request, nor is it included in the calculation of the neighborhood's Housing Allocation.

** - The Community Oriented Public Safety Initiative (Crime and Safety 1.1.5.) for the Lind-Bohanon, Cleveland, Hawthorne, McKinley Shingle Creek and Victory neighborhoods was funded through the NRP Community Oriented Public Safety Initiatives Reserve Fund (COPSIRF) for a total of \$68,715; Lind-Bohanon's portion of the allocation is \$11,452.50. Final expenditures for this initiative are \$58,498.08; Lind-Bohanon's share of these expenditures is \$9,749.68. Since the allocation is from the Community Oriented Public Safety Initiatives Reserve Fund, the allocation is not included in the total Action Plan Request calculated above, nor does it count against the neighborhood's Phase II allocation.

LIND-BOHANON NEIGHBORHOOD PHASE II NRP ACTION PLAN

CHANGES:

1. On April 27, 2009, the NRP Director approved a modification to the plan to reallocate \$30,730.68 of Phase I funds to a new Phase II strategy, Phase II Plan Development (Community Life 1.2.1.). (This is Phase I Plan Modification #19 and Phase II Plan Modification #1.)
2. Approval of the Phase II Action Plan reallocates a total of \$196,515 of Phase I funds to the following Phase II strategies: (1) \$22,015 to Upgrade Park Facilities (Social and Natural Environment 1.4.2.); (2) \$20,000 to Pollution Reduction Projects (Social and Natural Environment 2.1.1.); and (3) \$154,500 to North Lyndale Revitalization (Business and North Lyndale Revitalization 1.1.1.). (This is Phase I Plan Modification #21 and Phase II Plan Modification #2.)

Dear Mr. Miller,

On this day, August 5th, 2010, the Lind Bohanon Neighborhood Association board reviewed the votes received from residents by mail and at the Picnic in the Park voting event. There was an overwhelmingly positive response with only one negative vote.

After reviewing the responses, the LBNA board voted unanimously to approve the Lind Bohanon Phase II Action Plan and respectfully submit it to the NRP Policy Board and City for their review and approval.

Respectfully,

Steve Olson

Phase II Plan

Neighborhood Description

The boundaries of the Lind-Bohanon neighborhood are 53rd Avenue North on the north, Humboldt Avenue North on the west, the CP Rail on the south and the Mississippi River on the east. And for the purposes of planning, LBNA considers the Camden Industrial Area, sandwiched between Lyndale Ave N and the Mississippi River within the LBNA boundaries as a part of their adopted planning area.

According to the 2000 Census, the population of the neighborhood was 4400. Lind-Bohanon lost population from 1980 to 2000 due mostly to the Humboldt Greenway Project which removed over 100 homes and 10 businesses in the neighborhood. Between 1990 and 2000 Lind-Bohanon's population decreased faster than Minneapolis'. The city population increased by 3.1 percent between 1980 and 2000. In comparison, Lind-Bohanon's population decreased by 10.8 percent. Chart 1 reflects the following changes in race and ethnicity:

Chart 1: Lind-Bohanon Race/Ethnic Composition:

Lind-Bohanon: Ethnic distribution

* Hispanics could be any race

Source: Minneapolis Community Planning and Economic Development
with data from the U.S. Census of Population and Housing (SF1)

Lind-Bohanon's ethnic makeup changed between 1980 and 2000. The [white](#) population in the neighborhood went from 93 percent of the total in 1980 to 60 percent in 2000, 1,980 fewer white residents. The [black](#) population increased significantly from 2 percent of the neighborhood's population in 1980 to 17 percent in 2000, adding more than 650 residents, and the [Asian](#) population grew to 11.5 percent in the same

Phase II Plan
8-5-2010

period from a low 0.5 percent in 1980, adding 485 new residents. However, the increases of all groups could not compensate for the overall loss of population. There were 1,705 [housing units](#) in Lind-Bohanon in 2000, 234 fewer than in 1980. The number of occupied housing units in the neighborhood also declined from its 1980 level, while the number of vacant housing units saw a slight increase. In 1980, 2.1 percent of the housing stock was vacant in comparison with 3.5 percent in 2000.

The neighborhood had 1896 homeowners and renters in 1980, 1795 in 1990, and by 2000 losing over 200 homes and 10 businesses to the Humboldt Greenway project the number had dipped to 1644 occupied housing units. Chart 2.

Chart 2: Lind-Bohanon Homeownership/Housing Units

Source: Minneapolis Community Planning and Economic Development
with data from the U.S. Census of Population and Housing (SF3)

With fewer housing units, the numbers occupied by owners and renters have steadily declined between 1980 and 2000. Still, the proportion of owner-occupied units remained higher than renter-occupied, with 81 percent owner-occupied in 1980 and 85 percent owner-occupied in 2000. Single-family homes make up 92% of the total and the remaining 8% is rental. (*Appendix A 1990-2000 Census comparison*)

A. HOUSING Total NRP Funds \$291,834

1. GOAL: AFFORDABLE, QUALITY, LIFE-CYCLE HOUSING
1. OBJECTIVE: Improve the quality of housing stock in the Lind-Bohanon Neighborhood.
1. STRATEGY: Develop and implement housing improvement programs for both rental and owner occupied residential properties.

RELATES TO
CITY GOAL: A SAFE PLACE TO CALL HOME

HOW: LBNA Housing Coordinator and neighborhood volunteers will work with it's housing program provider to define the housing improvement needs of the neighborhood, develop programs to meet those needs, and implement the programs through widely distributed information to encourage participation.

WHY: Concerns were raised in the neighborhood-wide survey about keeping the neighborhood housing stock in good repair. The success of Phase I home improvement programs is an indicator of the neighborhood's interest in continuing the program.

PARTNERS: LBNA, Non-profit Program Administrator, DFD

WHEN: 2011-ongoing

RESOURCES: NRP: \$160,000

Other Resources: Property Owner Match, Program Provider funds

A. HOUSING

1. GOAL: AFFORDABLE, QUALITY, LIFE-CYCLE HOUSING
2. OBJECTIVE: Reduce the number of vacant homes in the Lind-Bohanon Neighborhood.
1. STRATEGY: Develop and implement programs to address specific properties or areas in the neighborhood that have a concentration of vacant or distressed properties.

RELATES TO
CITY GOAL: A SAFE PLACE TO CALL HOME

HOW: LBNA Housing Coordinator will work with CPED, realtors, neighborhood volunteers, and housing program provider to determine what type of program/s are needed to promote the sale of vacant property, assist home buyers of vacant property, or assist with property improvements after the home is sold.

WHY: The Lind-Bohanon neighborhood has not escaped the unprecedented foreclosure epidemic. In 2010, nearly 10% of the housing stock currently sits vacant. The neighborhood has seen an upsurge in burglaries, robberies, and property damage. Concerns were raised in the neighborhood-wide survey about this rise in crime and keeping residents investing in their properties and keeping the neighborhood housing stock in good repair.

A. HOUSING

1. GOAL: AFFORDABLE, QUALITY, LIFE-CYCLE HOUSING
3. OBJECTIVE: Assure timely, efficient implementation of the home improvement program.
1. STRATEGY: LBNA retain a Housing Coordinator to help recruit volunteers for the Housing Committee, work with the housing program provider, develop and implement the program.

RELATES TO CITY GOAL: A SAFE PLACE TO CALL HOME

HOW: LBNA will engage staff to work as a Housing Coordinator to work with the LBNA Board, the housing program provider, and other neighborhood volunteers to develop and implement the home improvement program/s.

WHY: The success of Phase I home improvement programs is due in part to the work of neighborhood staff in the development and implementation of the home improvement programs.

PARTNERS: LBNA, Non-profit Program Administrator, DFD

A. HOUSING

1. GOAL: AFFORDABLE, QUALITY, LIFE-CYCLE HOUSING
4. OBJECTIVE: Reduce urban blight caused by problem, residential properties.
1. STRATEGY: Work with Property Owners, Tenants, Inspections, Police, Council Member, and volunteers to identify and remedy properties in disrepair or littered, and properties with frequent police calls.

RELATES TO
CITY GOAL: A SAFE PLACE TO CALL HOME

HOW: The LBNA Housing Coordinator will work with City partners, property owners, tenants, and neighborhood volunteers to identify properties needing intervention to correct conditions that lead to reduced property values and disinvestment in the neighborhood. Work with rental property owners to encourage them to be part of the solution through tenant background checks and zero-tolerance lease addendums.

WHY: LBNA residents expressed concerns about both the appearance of the neighborhood and crime and safety issues. Both of these problems cause a decrease in property values and negatively impact neighborhood livability.

A. HOUSING

1. GOAL: AFFORDABLE, QUALITY, LIFE-CYCLE HOUSING
5. OBJECTIVE. Increase the frequency and amount of information provided to neighborhood residents regarding neighborhood housing programs, housing foreclosure prevention, foreclosure “redemption rights,” problem properties, and tenant rights,
1. STRATEGY: Utilize the neighborhood newsletter and website to provide timely information to neighborhood residents. Information provided by the City will be included in the neighborhood news.

RELATES TO
CITY GOAL:

A SAFE PLACE TO CALL HOME

HOW:

The Housing Coordinator will provide information for inclusion in the neighborhood newsletter and website.

WHY:

The newsletter is widely distributed in the neighborhood and the website is available at all times to those with internet availability. These two media resources will help to increase the variety and timeliness of information regarding housing issues to Lind-Bohanon residents.

6. OBJECTIVE. Increase availability of housing for people with special needs.
1. STRATEGY: Provide funding for housing that serves people with disabilities or other special needs.

RELATES TO
CITY GOAL: A SAFE PLACE TO CALL HOME

HOW: LBNA supports the application for NRP Affordable Housing Funds for MS housing, Kingsley Commons. Common Bond Communities, in partnership with other funding sources, proposes a new building at 4550 Humboldt Avenue North with a total of 25 apartments for residents with Multiple Sclerosis.

WHY: Lind-Bohanon is committed to providing and supporting affordable, life-cycle housing options.

B. Social and Natural Environment \$125,078

1. GOAL: A GREAT PLACE TO LIVE

1. OBJECTIVE: Increase the number of community gardens and gardening participants in the Lind-Bohanon neighborhood.

1. STRATEGY: Promote and expand participation in our community gardens.

RELATES TO
CITY GOAL:

A SAFE PLACE TO CALL HOME

HOW: Use the LBNA Garden Committee to promote and expand participation in our many community gardens: Lind Community Garden, Jenny Lind School and Sign gardens, and Lyndale Gateway sign. More gardens may be added to meet the needs of the community.

WHY: Community gardens promote inter-generational and inter-cultural relationships, as well as provide food, flowers and neighborhood amenities. The involvement of Hmong Elders, Lind-Bohanon residents, and students at the Jenny Lind School garden has made a positive impact on the neighborhood. Gardens throughout the neighborhood create destinations, increase volunteerism in the neighborhood, and provide healthy foods. The residents of Kingsley Commons (apartments for people with MS) requested that a garden be installed adjacent to their building on a Minneapolis Park and Recreation vacant lot.

PARTNERS: LBNA, Jenny Lind School, MN DOT, City Public Works (PW) and Minneapolis Park and Recreation Board. (MPRB).

B. Social and Natural Environment

1. GOAL: A GREAT PLACE TO LIVE
2. OBJECTIVE: Improve George Hill – Alice Rainville (GHAR) Square as a neighborhood destination.
1. STRATEGY: Enhance GHAR Square, located between N. 51st and N. 52nd Avenues on N. Lyndale Avenue, with sidewalks, benches, or other amenities to create a “walk-able, bike-able” neighborhood destination.

RELATES TO
CITY GOAL: ENRICHED ENVIRONMENT

HOW: Work with Hennepin County to design, and fund improvements to the site. LBNA will apply for Arts Grants, DNR Grants, or use other fund raising activities to accomplish this strategy.

WHY: The neighborhood invested \$112,163 in NRP Phase I Plan funds to plant an urban forest on a contaminated Hennepin County property. This property has been revitalized from and eye sore into a neighborhood amenity.

B. Social and Natural Environment

1. GOAL: A GREAT PLACE TO LIVE

4. OBJECTIVE: Increase park access for Lind-Bohanon residents.

1. STRATEGY: Increase the number of hours that the park shelter is open.

RELATES TO
CITY GOAL: ONE MINNEAPOLLIS

HOW: Work with Minneapolis Park and Recreation Board (MPRB) to determine when expanded hours would best serve park users.

WHY: The Lind-Bohanon neighborhood park shelter needs to be open during times that neighborhood youth are present in the park. This will provide for additional supervision at the park as well as, availability of programming hours, restrooms, and water fountain. The park is co-located with the school, which is the place where neighborhood children gather.

B. Social and Natural Environment

1. GOAL: A GREAT PLACE TO LIVE

4. OBJECTIVE: Increase park access for Lind-Bohanon residents.

2. Strategy: Install improvements to the park shelter building, grounds, and equipment.

RELATES TO
CITY GOAL: ONE MINNEAPOLLIS

HOW: Work with the Minneapolis Park and Recreation Board to upgrade the park shelter plumbing and electrical system. Perform an energy audit on the building to improve the efficiency of the building.

WHY: Lind-Bohanon neighborhood children and their parents gather at the park to use the wading pool, participate in sports, and enjoy the recreational opportunities that the park offers. The neighborhood invested \$109,860 in NRP Phase I funds to upgrade the wading pool at the park. However, the building is now in need of updating to safely meet the needs of the park users.

PARTNERS: LBNA, MPRB,

WHEN: 2011-2015

B. Social and Natural Environment

2. GOAL: STEWARDSHIP OF THE NATURAL ENVIRONMENT

1. OBJECTIVE: Reduce storm water run off and pollution entering into our waterways—Mississippi River and Shingle Creek.

1. STRATEGY: Develop and implement pollution reduction projects such as: rainwater gardens, clean sweep activities, increased street sweeping, hazardous waste pick up site.

RELATES TO
CITY GOAL: ENRICHED ENVIRONMENT

HOW: The LBNA Social and Natural Environmental Committee will prioritize the needs of the neighborhood to implement those projects that can be best accomplished. Investigate other neighborhoods that have done similar projects. Investigate increased street sweeping, concentrating near the river to remove dirt and litter from streets in industrial areas. Work with Hennepin County for hazardous waste pick up site and the Sentence to Serve Program for general neighborhood cleanup. Organize a neighborhood wide clean sweep.

WHY: Concerns expressed in neighborhood wide survey regarding blighting influences, contamination, pollution and deterioration of the neighborhood's natural amenities.

PARTNERS: City of Minneapolis Public Works, Mississippi Watershed Management Organization, University of MN, Metro Blooms, other neighborhoods that have successfully implemented similar projects.

WHEN: 2011-ongoing

RESOURCES: Phase I NRP rollover, \$20,000, from 2.2.A.1 Develop Green Places

C. Crime and Safety

1. GOAL: A NEIGHBORHOOD THAT LOOKS AND FEELS SAFE

1. OBJECTIVE: Reduce "Crimes of opportunity"

2. STRATEGY: Utilize a neighborhood Crime and Safety Coordinator to recruit block club leaders and to organize block club activities.

RELATES TO CITY GOAL: A SAFE PLACE TO CALL HOME

HOW: LBNA will utilize staff time to assist in the recruitment of block club leaders, planning of block club events, and refer recruited leaders to block club leader trainings. The Crime and Safety coordinator will start with blocks with high vacancies and recruit new block club leaders and utilize National Night Out activities to promote and recruit block new club leaders.

WHY: Residents have expressed concerns about neighborhood safety based on both perception and increased crime statistics in the neighborhood.

PARTNERS: 4th Precinct, Inspector, Sector Lieutenant, Crime prevention specialist, Block Club Leaders, LBNA.

1. GOAL: A NEIGHBORHOOD THAT LOOKS AND FEELS SAFE

1. OBJECTIVE: Reduce “Crimes of Opportunity.”

3. STRATEGY: Organize LBNA Walking Club, “Neighborly Strides”

RELATES TO
CITY GOAL: A SAFE PLACE TO CALL HOME

HOW: LBNA will utilize staff time to assist in the recruitment of walking club members to promote the walking club as a healthy way to engage community and to increase the presence of neighbors in the community as a method of promoting a safe community. Help organize walkers. Establish priority routes. Train the walkers in being responsible, respectful, and safe while walking. The focus of this group is a neighborly greeting to “warm up the neighborhood”.

WHY: This is one of the healthy way to engage community. The presence of neighbors walking on their own streets helps to determine if there are undesirable activities going on. Neighbors walking want to see and to be seen.

PARTNERS: 4th Precinct, Inspector, Sector Lieutenant, Crime prevention specialist, Block Club Leaders, LBNA.

WHEN: 2010-ongoing

RESOURCES: Crime and Safety Coordinator, Strategy C.1.1.2.
NRP: \$5,000 (totes with information in them, logo on the outside, and training materials)

D. Business and North Lyndale Avenue

1. GOAL: A THRIVING, MIXED-USE NORTH LYNDAL AVENUE
- 1a. OBJECTIVE: Increase the number of jobs and centers of employment.
- 1b. OBJECTIVE: Redevelop Industrial Area through TIF or other financial incentives to attract new-technology jobs.
- 1c. OBJECTIVE: Link park trails and park facilities to the Grand Rounds across and along the avenue.
- 1d. OBJECTIVE: Create vibrant, walk-able/bike-able destinations.
- 1e. OBJECTIVE: Reduce or eliminate blighting conditions.
- 1f. OBJECTIVE: Increase investment in infrastructure – lighting, street paving, sidewalks, bike loops.
1. STRATEGY: Invest in the revitalization of North Lyndale Avenue to bring it up to 2010 expectations of a mixed-use, neighborhood friendly, main street. Investments include: streetscape elements, commercial grants or loans, and signage improvements.

RELATES TO
CITY GOAL: JOBS AND ECONOMIC VITALITY

HOW: Work with CPED, Planning Department and Park Board Planning during the development and implementation of plans to improve the park assets and create a modern land use plan for North Lyndale Avenue. Use Lind-Bohanon NRP funds as “seed money” to stimulate public and private investment in the area.

WHY: Lind-Bohanon used its NRP Phase I funds to create a streetscape plan, which also suggested other land uses for the area. The plan was not adopted by the City; there has been no public investment in the area. The neighborhood has expressed many concerns about the physical deterioration of the avenue and the negative first impression that it casts on the neighborhood as a whole.

Dear All

A draft copy of the Lind-Bohanon NRP Phase II Neighborhood Action Plan is attached for your review and comment. Due to the size of the document, the NRP Phase II Participation Agreement and Phase I Plan Review are not attached. If you wish to see the entire plan with attachments, please let me know and I will forward it to you.

All questions and comments should be addressed to both me and to Amy Luesebrink, the LBNA staff person. Your comments will also be attached to the final plan. The neighborhood is planning to vote the plan on August 3rd. A timely response is requested with feedback due no later than July 15, 2010.

Thanks for reviewing and commenting on the plan. Your support is appreciated.

Best regards,
Peg Mountin, NRP Neighborhood Specialist

Public Work's comments are in blue:

1. OBJECTIVE: Increase the number of community gardens and gardening participants in the Lind-Bohanon neighborhood.

CPED should be listed as a partner

1. OBJECTIVE: Reduce storm water run off and pollution entering into our waterways—Mississippi River and Shingle Creek.

Within the “HOW” statement, it is noted that increased street sweeping should be concentrated near the river. Pollution travels to the river from long distances via pipes also, so we suggest deleting “. . . concentrating near the river.” Public Works should also be listed as a partner.

1. GOAL: A THRIVING, MIXED-USE NORTH LYNDAL AVENUE

1a. OBJECTIVE: Increase the number of jobs and centers of employment.

1b. OBJECTIVE: Redevelop Industrial Area through TIF or other financial incentives to attract new-technology jobs.

1c. OBJECTIVE: Link park trails and park facilities to the Grand Rounds across and along the avenue.

1d. OBJECTIVE: Create vibrant, walk-able/bike-able destinations.

1e. OBJECTIVE: Reduce or eliminate blighting conditions.

1f. OBJECTIVE: Increase investment in infrastructure – lighting, street paving, sidewalks, bike loops.

1. STRATEGY: Invest in the revitalization of North Lyndal Avenue to bring it up to 2010 expectations of a mixed-use, neighborhood friendly, main street. Investments include: streetscape elements, commercial grants or loans, and signage improvements.

Note that 1f will require assessments to property owners. Lighting and streetscape project costs are funded via 100% assessments unless outside funding is found to buy down the costs.

Peg and Amy:

I don't think that I would try to revise the pie chart to reflect the housing allocations. The problem is that the administrative funds essentially get double-counted (both as housing and as admin). I would just leave it as it is, perhaps with a footnote that includes the "official" housing percentage. Alternately, you could have two slices of the pie, each with two colors. The first slice would include housing and admin dollars credited to housing. The other slice would be "other" and the admin dollars credited to that. However, I think that the current pie chart is far more illustrative than the alternative.

As for Public Works, I would send the plan to Brette Hjelle. Brett is the Public Works Interagency Coordinator. His e-mail address is brette.hjelle@ci.minneapolis.mn.us.

I hope that this helps. I will take a closer look at the draft plan tomorrow.

Thanks.
