## **2019 Community Participation Program Annual Report** 2019 Highlights

#### PLEASE DESCRIBE ONE OR TWO MAJOR HIGHLIGHTS

- What was the issue or opportunity the neighborhood was facing?
- Who was impacted?
- What steps did you take to address the issue or opportunity?
- What was the outcome?

#### 18. MAJOR HIGHLIGHT #1

This year we hired an amazing new executive director, Carmen Means and with her leadership we went all out for our annual Central Neighborhood Fair and created a truly memorable event for the community. Light Up The Night, a Neon Roller Skating Party transformed Chicago Avenue for one beautiful night in September and brought out about 700 people, not only from Central but from surrounding neighborhoods and many from far away with roots in our neighborhood. The night featured an outdoor roller skating rink, kids art activities, food from local vendors, crafts and information tables, a DJ and fire performances.

What was the issue or opportunity the neighborhood was facing? Despite many activities we had not reached a needed level of recognition and awareness in the community about who we are and what we are about.

**Who was impacted?** All the volunteers, and participants that included many from outside the neighborhood. They recognized the possibility of the neighborhood organization and the power of community to come together in such a positive and truly diverse way.

**What steps did you take to address the issue or opportunity?** We learned from previous years and decided that we needed to be very ambitious and innovative. The most important step was to hire Carmen Means who provided the bold leadership to make this event possible.

**What was the outcome?** We all felt so proud of our neighborhood and it helped put CANDO and the other things that we have been doing on the map for many more people in the community.

#### 19. MAJOR HIGHLIGHT #2

In 2019 we continued to innovate and try several new things including, a series of slow-roll bike rides with the Cultural Wellness Center, Central Jams concerts with Green Central school and park, and a new Voces Community paper featuring resident stories. However, our Plant Grow Share program, now in its 5th year, continued to be the amazing example of community building across cultures and that is emblematic of CANDO's mission.

What was the issue or opportunity the neighborhood was facing? This event created an opportunity for collaborations between non-profit organizations, MPLS schools, Mpls Park and Rec as well as other South Minneapolis Neighborhood Organizations.

Who was impacted? The collaborative leaders, residents, and event participants. Estimated 300 participants and 30 volunteers.

What steps did you take to address the issue or opportunity? We addressed the need for efforts and resources to be magnified through collective work.

What was the outcome? The outcome was new formed relationships, new volunteers and safe community spaces. CANDO's staff and board was revitalized by new relationships and fresh accomplishments.
