Engagement Plan

Neighborhood Organization

Downtown Minneapolis Neighborhood Association representing the Downtown East and Downtown West neighborhoods

Time frame

January – December 2023 and 2024:

Work summary

The Downtown Minneapolis Neighborhood Association will continue to strive to develop and implement outreach and public participation strategies that help increase the demographic diversity and sustained engagement of our volunteer base. We will endeavor to establish new partnerships with organizations doing complementary work with our hard-to-reach populations such as renters, the BIPOC community, people living below the poverty line or transitioning out of homelessness, millennials, people living with disabilities, and families. Our overall goal is to improve the livability of the downtown community for everyone who lives, works or owns property here.
